## Press Release

### Tiles - A Rug inspired by Portuguese Traditional Tiles

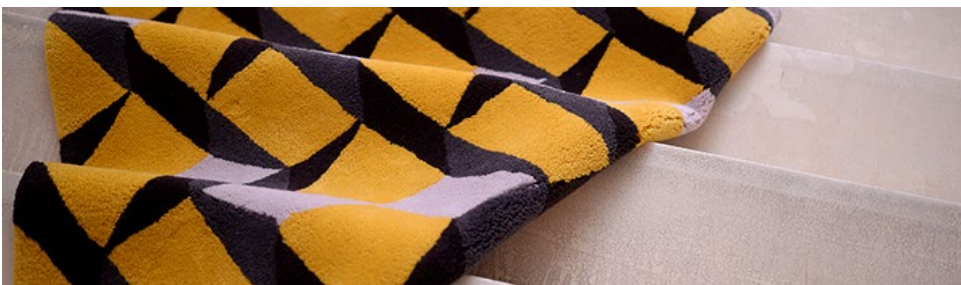

Tiles Rug is inspired by the Portuguese traditional tiles. This wonderful graphic rug will revitalize any room in an instant and will bring sophisticated elegance to any environment. Domingos Ferreira designed this rug, creating a geometric pattern colored with four different colors that gives a sensation of movement. Available in three versions - Yellow, Sky and Brick - Tiles can be custom made in virtually any size. Hand-tufted, made of 100% wool, it is incredibly comfortable, easy to care for, ages well and holds its color.

150x200cm = 5' x 6'6" | 170x240cm = 5'6" x 7'9" | 200x300cm = 6'6" x 9'8"

Note: Rugs may vary in color due to the differences in computer displays. There's also the possibility of customizing the color.

## TWO.SIX

Two.Six design and Two.Six For Kids. Two.Six design studio favors **colors, and clever details**. Think touchable stripes of lacquer and quirky fabric accents, combined with handsome natural wood, of course. Aesthetically rich, challenging for its creativity. Two.Six Collection is made of versatile objects that naturally coexist in eclectic environments.
